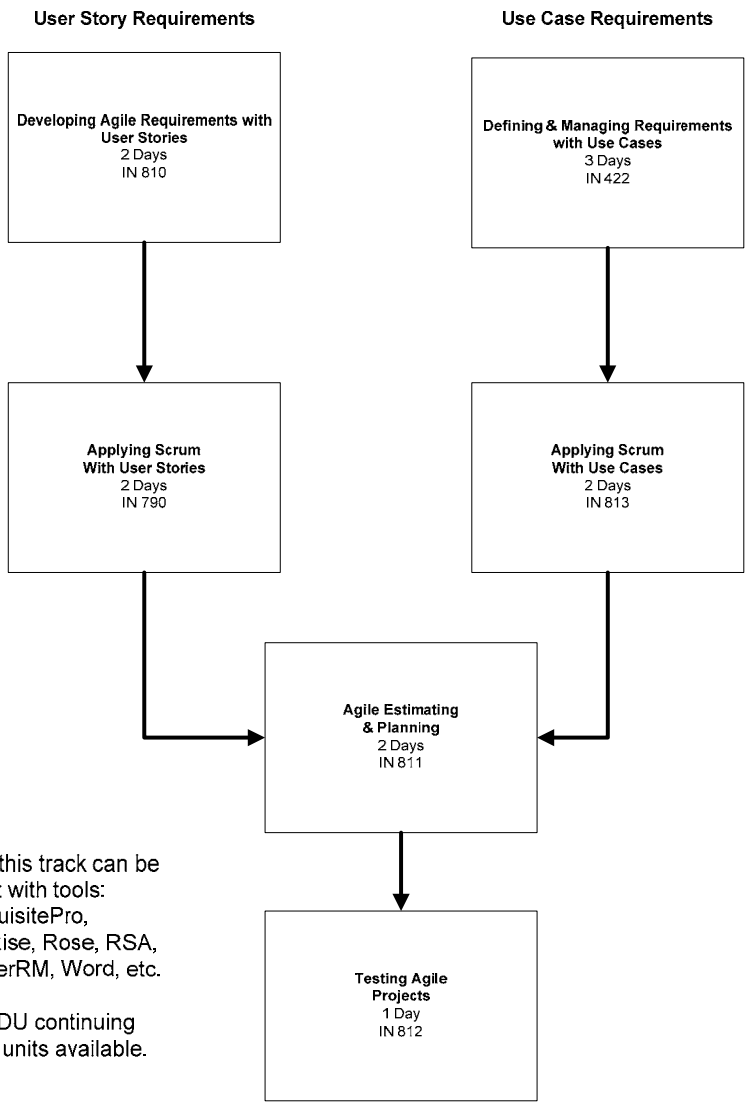
Agile Training (Team-Focused) Track



Courses in this track can be taught with tools: RequisitePro, DOORS, iRise, Rose, RSA, RSM, CaliberRM, Word, etc.

PMP© PDU continuing Education units available.

All agile project team members must understand Scrum / Agile techniques in order to be effective.
On agile projects, personnel may play different roles at different times, so cross-training is essential. This track can be minimized to the top 2 courses, or extended to the full curriculum.

Agile Rapid Team Start-Up Agile Workshop (Just-in-Time Workshop)
